Travel Smart: Phone Safety

GENERATIONAL KNOWLEDGE LLC

Protect your phone, accounts, and information while traveling.

Before You Leave

- Update your phone and important apps.
- Enable a strong screen lock and device-finding features.
- Back up photos and essential documents.
- Confirm carrier roaming and international plan details if applicable.
- Save important contacts and travel documents securely for offline access.

While Traveling

- Keep your device physically secure and avoid leaving it unattended.
- Use trusted networks; avoid sensitive transactions on unfamiliar shared devices.
- Be cautious with unexpected QR codes, public charging accessories, and urgent travel messages.
- Use official airline, hotel, or transport apps to verify changes.
- Avoid sharing real-time location or travel details publicly if you prefer privacy.

If Your Phone is Lost or Stolen

1. Use your device-finding service from a trusted device to locate or secure it.
2. Contact your carrier and relevant financial institutions if necessary.
3. Review account sign-ins and change exposed credentials.
4. Report theft to local authorities where appropriate.
