My Digital Footprint Checkup

GENERATIONAL KNOWLEDGE LLC

Review what your online activity may reveal.

Search For Yourself

- Search your name in quotation marks and try adding your city or profession.
- Check public social profiles, old accounts, and image results.
- Review what a stranger can see without logging in.

Review Privacy Settings

- Limit public visibility of personal contact details and location.
- Review tagged photos and past public posts.
- Delete or deactivate accounts you no longer use, where possible.
- Review app permissions and ad-personalization settings.

Take Thoughtful Action

- Remove information from accounts you control first.
- Where appropriate, request removal from search results or data broker sites.
- Remember: removing a search result does not necessarily remove the original webpage.
